LIGHT
FOR OFFICE AND
ADMINISTRATION

A wide-angle photograph of a modern office interior. The space is bright, with large windows on the left and a high ceiling. Several people are visible: two men walking in the background, a woman in a green top standing near a desk, and a man in a white shirt talking on a phone at a desk in the foreground. Two tall, slender, free-standing luminaires are positioned in the office, providing direct lighting to the workspaces. The overall atmosphere is clean, professional, and well-lit.

FREE-STANDING LUMINAIRES

High-quality design and intelligent engineering deliver high lighting quality directly to the workplace. The flexible free-standing luminaires can be intuitively operated and are particularly easy to maintain. Every last detail is cleverly thought out – from manufacturing with durable, high-quality materials, and economic and ergonomic application, through to environmentally friendly disposal.

TASK LUMINAIRES

Lighting requirements are very individual. With the ergonomic task luminaires, it is easy to satisfy personal requirements. The high-quality luminaires are particularly easy to adjust and can be moved into almost any position. Individuality is also supported in the form of the different luminaire designs.

MOUNTED LUMINAIRES

Even in rooms with low ceilings, Waldmann mounted luminaires can indirectly illuminate the ceiling. They can be mounted vertically or horizontally depending on the requirements. Their low consumption does not reduce the high light quality in the slightest.

WALL-MOUNTED LUMINAIRES

A lot of light with high efficiency is the maxim of these luminaires. With low consumption and very high efficiency, Waldmann wall-mounted luminaires provide pleasant indirect light to corridors or conference rooms. They are extremely user-friendly in terms of cleaning and maintenance.
